STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589. To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

PAYMENT POLICY

ABTDS accepts payment for all charges associated with our educational programs in cash, VISA, MasterCard, or personal or third party checks. All payment methods must be secured prior to enrolling into any program.

ABTDS does not offer student loan programs.

If a student obtains a loan to pay for an education program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund. If the student receives federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal financial aid funds.

ABTDS and our training programs are not accredited by any accrediting agency recognized by the

United States Department of Education. A student enrolled in an unaccredited institution is not eligible for federal financial aid from programs such as FASFA. We do not participate in any Title IV financial aid programs.

ABTDS is recognized as a training provider on the State of California's Eligible Training Provider List (ETPL) and we participate in some financial assistance programs, such as Workforce Investment Opportunities Act(WIOA), Employment Development Department, and Department of Rehabilitation programs. These funding programs may be available to you if you qualify. Any student receiving financial assistance from any State or Federal Agency or Program must meet the admissions requirements as outlined beginning on page 12. Below is a contact list of the local agencies that we work with who may be able to assist with funding for our training programs.

CANCELLATION, WITHDRAWAL AND REFUND POLICIES

CANCELLATION POLICY

You have the right to cancel the enrollment agreement you sign for a course of instruction through attendance at the first class session, or the seventh day after enrollment, whichever is later, and obtain a refund of charges paid less the non-refundable registration fee (not to exceed \$250).

Cancellation shall occur when you give written notice of cancellation at the address of the school shown on the top of the front page of the enrollment agreement. You can do this by mail, hand delivery, or email. The written notice of cancellation, if sent by mail, is effective from the postmark date or the date. The written notice of cancellation need not take any particular form, and however expressed, it is effective if it shows that you no longer wish to be bound by your enrollment agreement.

If the school has given you any equipment, including books or other materials, you shall return it to the school within 10 days following the date of your notice of cancellation. If you fail to return this equipment, including books, or other materials, in good condition within the 10-day period, the school may charge you or deduct the documented cost for the equipment from any refund that may be due you. Once you pay for the equipment, it is yours to keep without further obligation. If you cancel the agreement, the school will refund any money that you paid, less any deduction for equipment not timely returned in good condition, within 45 days after your notice of cancellation is received.

WITHDRAWAL POLICY

A student has the right to withdraw from their chosen program at any time. Withdrawal shall occur when you give written notice to withdraw at the address of the school shown on the top of the front page of the enrollment agreement. You can do this by mail, hand delivery, or email. The written notice of withdrawal, if sent by mail, is effective from post mark date. The written notice of withdrawal need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by your enrollment agreement. The request can be either hand delivered to an ABTDS Admissions Representative or Office Manager, or mailed to the address on the enrollment agreement. Upon receipt of notice a refund shall be issued in accordance to the Refund Policy. If the student withdraws from the program after 60% of the program hours then no refund shall be issued.

REFUND POLICY

You have the right to withdraw from the course of instruction at any time. If you withdraw from the course of instruction after the period allowed for cancellation, you have the right to receive a pro-rated refund if you have completed 60% or less of the program of instruction. The school will remit a pro-rated refund, less a registration fee not to exceed \$250.00, and any non-refundable STRF, within 45 days following your withdrawal.

You are also obligated to pay the documented cost for any unreturned books or equipment that are not returned within 10 days following the date of withdrawal. The school may offset the documented cost against any refund due.

The method used to calculate the pro-rated refund amount is as follows:

The amount owed equals the daily charge for the program (total institutional charge for the educational program, divided by the number of days or hours in the program), multiplied by the number of number of days the student attended or was scheduled to attend prior to withdrawal.

Charges will be added to the amount owed above for any non-refundable fees (Registration Fee, and STRF) to determine the total charges incurred by the student.

The total charges incurred by the student will be subtracted from the total amount paid. The remainder (if any) will be the amount due for refund to the payee (person or entity who paid for the training). Any refund due shall be issued within 45 days of the withdrawal or termination.

ABTDS reserves (and will publish a schedule of changes that will itemize all charges.), the right to change tuition and fees, make curricular changes when necessary, and make substitutions in books and supplies as required without prior notice. Any changes in tuition or fees will not affect students who are already in attendance or enrolled.

ACADEMIC POLICIES

GRADING AND EVALUATION PROCESS

Progress reports are issued to students at the completion of each week. Grades are based on the quality of work as shown by written tests, practical work including satisfactory drills and driving progress performed consistently. The grading scale is as follows:

Letter Grade	Grade Point Average(GPA)	Percentage	Indicator
A	4.0	90–100%	Excellent
B	3.0	80–89%	Good
C	2.0	70–79%	Average
D	1.0	60–69%	Below Average
F	0.0	59% and below	Failing
I	0.0		Incomplete
W	0.0		Withdrawn

STANDARDS OF ACHIEVEMENT

Grades are awarded on a percentage or point basis for all written and practical work. A GPA of 3.0 (80% or "B" Average) or greater is passing and must be achieved in order to meet Entry Level Driver Training Requirements (ELDT). Students shall be evaluated in each area of discipline and points will be assigned for written (tests/quizzes) and practical work (drills/drivingskills) performed. Students must maintain at least a 1.0 GPA (60% or "D" Average) to remain in the training program.

GRADUATION REQUIREMENTS

Students will receive a certificate of completion when attendance requirement (70% of scheduled program hours) or satisfactory progress requirement (3.0 GPA-80% or greater for all coursework) is achieved. Students may graduate earlier than the total program hours allotted if they demonstrate the ability to advance, but must meet the 70% attendance or 3.0 GPA requirement.

ACADEMIC PROBATION

At the end of each week, grade points are assigned to each student based on the instructor's evaluation of the student's in-class performance and test results. If the student's grade is below 60% the student will be automatically placed on academic probation and informed directly by the instructor. The student on Academic Probation is allowed the opportunity to earn the required grade by receiving a grade of 60% or higher during the following training week. If the student's grade point average has not returned to a "D" Average (60%) or better, the student may be dropped from the program. A student is allowed only one Academic Probation during the scheduled length of a program. The student can request reinstatement to the program by written request to the School Director. A decision will be made within three business days.

ATTENDANCE

The school's attendance policy approximates the expectations found in a work situation. It is essential that each student learns the discipline of regular and prompt attendance as well as the skills involved in the trucking industry. Students are required to attend class daily. More than three unexcused absences or failure to meet satisfactory attendance requirement (70% of program hours) due to excused absences will be grounds for termination of the training program. If a student's training program is terminated due to excessive excused absence that student may be allowed to re-enter upon the next available start date. If a student's training program is terminated due to unexcused absence that student may re-enroll after a period of three months from termination date. Any make up classes shall be at the discretion of and will be scheduled by the School Director. Your timeslot is allocated to you. Days missed will count against your program time.

ABSENCE

An absence will be considered as "excused" under the following conditions: Sickness, death or birth in the immediate family or required military service. All excused absences must be in writing and will be at the discretion of the lead instructor and/or the School Director. All other absences will be considered "unexcused".

TARDINESS

Tardiness is a disruption of a good learning environment and is strongly discouraged. We believe that punctuality is very important not only during the course, but also in the transportation industry as a whole. Students who arrive more than twenty minutes late without good reason on three occasions will incur an "unexcused" absence.

MAKE UP WORK

Excused absences will be given priority for make-up work. Students must schedule make-up work with the instructor. Make-up work for unexcused absences can be requested but requires approval of the School Director. Students will receive a zero "0" grade score for any incomplete work that that is not made up.

LEAVE OF ABSENCE

The School Director may grant a leave of absence and/or waive interim satisfactory standards for circumstances of poor health, family crisis, or other significant occurrences outside the control of the student. It must be demonstrated by the student that the circumstances had or will have an adverse impact on the student's satisfactory progress in the program. No waivers will be provided for graduation requirements. Time for an approved leave of absence will not be included in the calculation of a student's maximum program length.

Students may take only one leave of absence during any academic term provided that the duration of the leave will not significantly interfere with the planned completion of the program of study. If the leave of absence will significantly impact the planned completion of the program then a withdrawal of the program is required. A refund shall be issued in accordance with the Refund Policy.

Requests for leave must be submitted to the School Director and must include an anticipated return date and be signed by the student. Failure to return to school as scheduled without prior written notification and approval from the School Director will result in immediate dismissal. Any refund due will be made within forty-five calendar days from the end of an approved leave of absence. The student may return to school after a no cost assessment, and will be reintroduced at the appropriate point depending on the results of the assessment.

ATTENDANCE PROBATION

Students are required to have an overall attendance rate of 70% or more to meet the minimum attendance requirement of the program. A student who has missed more than 30 % of the scheduled class hours in any week will be put on probation until the end of the next week. If the student is unable to achieve the attendance requirement during probation, he or she will be dismissed. Any refund due will be issued according to the Refund Policy.

TERMINATION, APPEALS AND REINSTATEMENTS

Students shall be terminated for failure to meet minimum standards for attendance, academic progress, conduct standards, or failure to return from an approved leave of absence on the scheduled return date. Students have the right to appeal dismissal decisions made by the school

by submitting a written request to the School Director describing any mitigating circumstances or conditions, which warrant special consideration. If the appeal is accepted, the student may be reinstated according to the conditions stipulated by the School Director.

Terminated students may appeal the school's decision in writing to the School Director. The School must receive the appeal from the student within three business days of being notified of the dismissal. All appeals will be responded to within ten (10) business days of receipt by the school.

ABTDS assumes no responsibility for loss or damage to personal property, or for personal injury, which may occur while on the campus grounds or on a field trip.
